

# What do you know about the Glossy Black-Cockatoo?

**DID YOU KNOW THAT  
THEY FEED ALMOST  
EXCLUSIVELY ON SEEDS OF  
THE BLACK SHE-OAK?**

BirdLife's Deb Sullivan and Laura Tan will discuss the Glossy's biology and habitat, while Far East Victoria Landcare's Shirali Davé will talk more about local landholder involvement in the Sanctuaries on Private Land project.

**Join us to learn more about this iconic species!**
